## Race Car Rewards

Print on cardstock and laminate. Glue magnets to the back of the pieces. Cut apart the red numbered sheet and the race cars on the last page.

Find a Star—Put the grid with the pictures on your board. Cover it with the red numbered sheet. Tell your student, “Find a star” or “Pick a Number.” Give a star if they find the star.

Race Track—Have the student pick a car and race around the track. You could have a race car too.
